Units will be issued at a per-Unit price equal to the net asset value (" NAV ") per Unit as of the close of the last quarter preceding the funding date, subject to any adjustments. Any adjustments would take into account a determination of changes to NAV within 48 hours of the sale to assure compliance with Section 23(b) of the Investment Company Act. Prior to an Exchange Listing, if the Investment Manager, in its sole discretion, deems it advisable, it may proportionately reduce the amount of, or cancel, the amount of Capital Contributions required to be made to the Fund in any Funding Notice by giving notice to each Member, and any amount not so contributed shall not be deducted from the Members' Remaining Capital Commitments. SECTION 5.2 [Section 5.2 · p.30]

SECTION 5.2. Pre-Exchange Listing Defaulting Member . (a) General . Prior to an Exchange Listing, if any Member fails to contribute, when due, all or any portion of any Capital Contribution or any other amount required to be funded by such Member hereunder, and such failure continues for ten Business Days after receipt of written notice thereof from the Managing Members (a " Default "), then such Member may be designated by the Managing Members as in default under this Agreement (a " Defaulting Member ") and shall thereafter be subject, without further consent of such Member, to the provisions of this Section 5.2. The Managing Members may choose not to designate any Member as a Defaulting Member and may agree to waive or permit the cure of any Default by a Member, subject to such conditions as the Managing Members and such Member may agree upon; provided that the Managing Members shall not be entitled to waive any Default committed by any Related Person in such Related Person's capacity as a Member without the approval of the Independent Directors and consent of the Members. (b) Funding of Defaulted Amount . Prior to an Exchange Listing, upon the occurrence of a Default and as promptly as practicable thereafter, the Investment Manager may deliver an amended Funding Notice (which shall include notice of such Default) to the non-Defaulting Members subject to the original Funding Notice increasing, subject to Section 3.2(b) and in the applicable proportion set forth in Section 5.1(c), depending upon the purpose for which the Capital Contribution or other amount was to be used, the Capital Contributions to be made by the non-Defaulting Members by up to an aggregate amount equal to the Capital Contribution or other amounts which the Defaulting Member failed to make (the " Defaulted Amount "). In addition, as may be determined by the Managing Members in any case, such Defaulting Member shall have no further right to make Capital Contributions to the Fund to participate in any Portfolio Investment and such Defaulting Member shall, to that extent, be treated for purposes of Section 5.1 as no longer a Member. Amounts forfeited and not otherwise applied to the payment of expenses specified in Section 5.3(g), plus any interest thereon, shall be distributed to the non-Defaulting Members (x) if such distribution is attributable to a Portfolio Investment, in proportion to their respective Capital Contributions to fund the Cost Basis of such Portfolio Investment, (y) if such distribution is not attributable to a Portfolio Investment, in proportion to their respective Units or that gave rise to such forfeited amount, as reasonably determined by the Managing Members, or (z) if such distribution is to be made upon liquidation, in proportion to their respective shares of liquidating distributions pursuant to Section 11.3. The Managing Member shall cause the Fund to make such distributions as it determines to be appropriate to give effect to the provisions of Section 5.3.

(i) Interest Payable . Prior to an Exchange Listing, if a Member fails to make, when due, all or any portion of any Capital Contribution or any other payment required to be made hereunder by such Member and either the

Managing Members does not designate such Member a Defaulting Member or such Member fully pays the unpaid balance of such Capital Contribution or other payment within ten Business Days of receipt of notice from the Managing Members as set forth in Section 5.2(b)(i), the Managing Members may, in its sole discretion, charge such Member interest on the unpaid balance of any such Capital Contribution or other payment at the Default Rate from the date such balance was due and payable through the date full payment for such balance is actually made, and failure of such Member to pay such interest amount will subject such Member to all the provisions of this Section 5.2, including all remedies available to the Fund pursuant to Section 5.2(g).

SECTION 5.3(C) [Section 5.3(c) · p.33]

(c) Payments to the Fund by Subsequent Closing Members . Members admitted to the Fund after the initial closing will participate in all Portfolio Investments, including those held by the Fund prior to the time of their admission, and will bear a pro rata share of the Organizational Expenses and other Fund Expenses incurred prior to their admission. Such Members will be required to pay to the Fund in connection with such closing an amount equal to their proportionate share of all funded Commitments made prior to their admission (including amounts called to fund Portfolio Investments, Organizational Expenses, Pre-Exchange Listing Management Fees, Pre-Exchange Listing Administration Fees and other Fund Expenses). For the avoidance of doubt, prior to an Exchange Listing, Units will be issued to each Subsequent Closing Member at a per-Unit price which is not below the NAV per Unit as of the close of the last quarter preceding the funding date, subject to any adjustments, which adjustments would take into account a determination of changes to NAV within 48 hours of the sale to assure compliance with Section 23(b) of the Investment Company Act.
